

## **Welburn Community Primary School Computing Curriculum**

Our intent for Computing at Welburn Primary School is to develop children who:

- are confident with computing
- can use a range of equipment and programmes including computers, the Web, audio visual and programmable devices
- can use computing safely and respectfully
- are able to use technology in the wider world
- are able to problem solve, programme and debug

To implement this we will:

- give pupils a wide range of experiences in computing.
- allow and encourage pupils to explore, investigate and discover for themselves.
- teach pupils the skills and knowledge they need
- provide up-to-date, relevant, accessible and efficient equipment
- use ICT across the curriculum
- allow pupil choice
- use the national curriculum
- use the 'Teach Computing curriculum' from the National Centre for Computing
